## **Activity 2.2 classroom audit**

What are the benefits of creating a supportive learning environment?

| What is it?                                       | Why use it?                                                                                                                      | Example                                                                                                                      |
|---------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Alphabet chart or poster                          | To teach and reinforce: letters of<br>the alphabet, small letters and<br>capital letters, letters used in<br>words/letter sounds | Large piece of paper or poster with all the letters of the alphabet                                                          |
|                                                   |                                                                                                                                  | Each letter in lower case (small) and capital letters, with an example of the letter used in word, and a picture of the word |
| Birthday chart                                    | To teach months of the year, to be aware of children's birthdays, use for child-centred speaking and listening activities        | A large piece of paper with 12 columns, and the name of the month at the top of each column                                  |
|                                                   |                                                                                                                                  | Children's names written under each month, or pictures of the children under each month                                      |
| Calendar                                          | To teach days of the week and months of the year, number names and recognition                                                   | Printed or home-made year calendar                                                                                           |
| Card games                                        | To teach sequencing and pattern                                                                                                  | Create games from cut up paper and pens                                                                                      |
| Colour chart,<br>shape chart                      | To match pictures to words                                                                                                       | Ask children to make one in social studies or numeracy                                                                       |
| Empty boxes and containers (with writing on them) | To role-play real-life situations, for example, a shopper buying from a market seller                                            | Empty boxes and packaging from a food store or supermarket                                                                   |
| Forms from the school office or headteacher       | To practise writing for different genres and audiences                                                                           |                                                                                                                              |
| Height chart                                      | To read and interpret numbers                                                                                                    | Ask the children to make one in a numeracy lesson                                                                            |
| Labels                                            | To match words with known objects                                                                                                | Label things in the classroom, e.g. light switch, window, door, reading corner                                               |

| What is it?                                         | Why use it?                                                                                              | Example                                                                                                                                |
|-----------------------------------------------------|----------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Magazines and newspapers (including advertisements) | To be aware that print carries meaning relevant to their lives                                           | Old magazines and newspapers                                                                                                           |
| Maps, including nation, province and world maps     | To match familiar places with place names  To finger point and derive information                        | Create a mural on the classroom wall (in paint or on paper) and identify and name key places                                           |
| Number chart in different languages                 | To code switch across languages To know key concepts across languages                                    | Ask children to make one at home with their parents in their home language                                                             |
| Photographs and pictures                            | To practise fine-motor skills by cutting out pictures To create own stories through ordering photographs | Pictures from magazines,<br>photographs of animals, food and<br>other things in children's lives                                       |
| Picture<br>storybooks                               | To tell stories using pictures To sequence ideas To infer and deduce                                     | Examples from the ASb website                                                                                                          |
| Puzzles                                             | To practise fine motor skills  To order and match  To collaborate and problem-solve                      | A puzzle book from a shop                                                                                                              |
| Topic vocabulary chart                              | To become familiar with everyday topic words To match words to concepts                                  | Generate a list of topic words and ask children to keep adding newly introduced words                                                  |
| Weather chart                                       | Interpreting information Understanding that symbols carry meaning                                        | Take photographs of different weather and match to weather symbols                                                                     |
| Word wall                                           | Learning new words, building vocabulary, learning spelling                                               | Letters of the alphabet stuck on<br>the wall, and example words below<br>each letter<br>Groups of words put up under<br>theme headings |
