

$$100\% = \frac{100}{100} = 1$$

$$\frac{11}{25}$$

$$\frac{11}{25} \times 100\% = \left(\frac{11}{25} \times 100\right)\% = \left(\frac{11}{25} \times \frac{100}{1}\right)\%$$

$$\left(\frac{11}{25} \times \frac{100}{1}\right)\% = \left(\frac{11 \times 4}{1 \times 1}\right)\% = \frac{44}{1}\%$$

$$= 44\%$$

$$\boxed{\frac{11}{25} = 44\%}$$
