

Calculating the Median

20, 16, 13, 23, 27, 30

13, 16, 20, 23, 27, 30

$$\text{So median value} = \frac{20 + 23}{2}$$

$$= \frac{43}{2}$$

$$= \underline{21.5}$$

The median value for this set of data is 21.5.
