

Video 3 'Global Campaign to Combat Ageism - #AWorld4AllAges', UN Decade of Healthy Ageing

Person 1: So, what's this all about?

Person 2: Okay, say it again, sorry.

Person 3: I'm too old for this.

Person 4: You just want me to say what people say about me?

Person 5: Weird question, I guess.

Person 6: My teacher says you'll grow out of it; it's just a phase.

Person 7: It was never a phase; I never grew out of it.

Person 8: I guess I'm too reckless, I don't know?

Person 9: People like to talk very loudly to me.

Person 10: They say I don't think things through.

Person 11: You're looking still good for your age.

Person 1: I'll figure it out when I'm older.

Person 2: You're having a senior moment.

Person 12: When the focus is on my age...

Person 5: ...life seems to get a little bit harder.

Person 13: It feels like I'm not given a chance.

Person 4: I need to keep up...

Person 11: ...or get out of the way.

Person 14: I lack experience...

Person 2: ...or too much experience.

Person 1: I'm baggage...

Person 9: ...only weighing people down.

Person 8: Looking at my age...

Person 2: ...like it is a disease.

Person 15: Where I work, no one takes me seriously.

Person 16: It makes me feel powerless.

Person 6: And it hurts...

Person 3: ...when people see only my age.
