Note on Items 6–10 and 13
The scores of Mozart’s piano sonatas are reprinted from the *Neue Mozart Ausgabe* published by Bärenreiter in 1986. They contain various editorial additions, such as slurs printed as dotted lines and accidentals placed in brackets above the stave. These should not be confused with analytical notation used in the course materials, and are not of relevance to the analytical work you are required to do with the scores in studying the course.
