## Win vouchers for completing OpenLearn courses

### Terms and conditions

To enter this giveaway, you must be registered through your college as a National Enrichment Programme (NEP) participant. Please speak to your tutor or progress coach if you need support in registering.

You will also need to have created an OpenLearn account using the same details that you provided on the NEP registration form.

This giveaway will run each term until 30/06/2026. Once the giveaway has closed at the end of each term, we will giveaway one £100 voucher and one £50 voucher.

We will give away a £100 voucher to the person who has completed the highest number of OpenLearn courses within that term.

We will give away a £50 voucher to the person who has completed the second highest number of OpenLearn courses within that term.

In the event of a tie whereby there is more than one person who is eligible to win the £100 voucher or £50 voucher, the winner will be randomly selected from those who are eligible to win.

The voucher will be posted to the recipients within 30 days of the end of each term, using the address provided when registering for the programme.

No cash alternative will be offered.
