

Table 1.4 Uranium reserves estimated in 2003 by the International Atomic Energy Agency (IAEA) at a price of US\$30 lb⁻¹ U₃O₈. Note: Strictly speaking, the amounts are 'reasonably assured resources'.

	Reserves/10³ t uranium	Proportion of global uranium reserves/%
Australia	989	28
Kazakhstan	622	18
Canada	439	12
South Africa	298	8
Namibia	213	6
Global total	3537	100
