

Unit 6 – Card 1

Unit 6 – Card 1

Sustainable development, global citizenship, issues of social equity, diversity and ecological literacy are important in sustainable pedagogies.

Unit 6 – Card 2

Unit 6 – Card 2

Transformative learning through systems thinking can create shifts towards more ecological paradigms but strategy, positioning and context are important.

Unit 6 – Card 3

Unit 6 – Card 3

Ecological design principles are foundational for eco-literacy and can be part of a transformative sustainable learning approach.
