

# Hands-on exercise: Spot the system

## Task

Choose a real issue from your country or region that have tension between different stakeholders

1. Identify:
  - **Elements** (at least 5)
  - **Connections** (how they influence each other)
  - **Purpose(s)** (explicit or implicit)
2. Describe **one unintended outcome** that emerged over time.

## Guiding prompts

- Who benefits immediately? Who later?
- Where are delays?
- What behaviour emerged that no one explicitly designed?

## Expected output

- 1 short paragraph (150–200 words)
- Bullet list of elements, connections, purpose
