

Hands-on exercise: Diagnose the pattern

Task

1. Mark:
 - The **reinforcing loop**
 - The **balancing loop**
2. Explain:
 - Why well-intended interventions may backfire
 - What type of intervention might *change the structure* instead
3. Review your CLD and identify **one archetype** it might fit to.

Expected output

- Annotated CLD
- Archetype name + justification
- 3–5 bullet points on policy implications
