

Hands-on exercise: Design a PSM workshop

Task

Design a **half-day participatory mapping workshop** for an LMIC policy issue.

Specify:

1. **System boundary**
2. **Stakeholder groups** (who must be included?)
3. **Focal variable(s)**
4. **Safeguards for inclusion and power balance**

Optional: adapt from an existing case (e.g. informal electricity, water, transport).

Expected output

- 1-page workshop design
- Stakeholder table
- Mapping objectives
