SUMMARY

After WW1, Germany is having an economically and politically difficult time. The factors which contributed to the nations instability post WW1 are the weakness of the government, the printing of too much money, and the political climate. USA tried to help steady the economy through the Dawes Plan.

ILOs: Describe Germany's problems after WW1; Discuss how successful democracy was after WWI; Evaluate the extent to which printing money affected the German economy; Discuss how Germany's economy became stable
