

Name: _____

When are these birds in Scotland?

Can you draw a line between the birds and the time of year they can be found in Scotland? (Some answers have more than one!)

Wheatear Starling Waxwing

Visits Scotland in Winter

Chaffinch

Manx Shearwater

Lives in Scotland

Visits Scotland in Summer

Passes by Scotland

Swallow

The maze is a square grid with various paths. The paths are designed to connect the bird names on the left to the seasonal descriptions on the right. The bird names are: Wheatear, Starling, Waxwing, Chaffinch, Manx Shearwater. The seasonal descriptions are: Visits Scotland in Winter (with a snowflake icon), Lives in Scotland (with a house icon), Visits Scotland in Summer (with a sun icon), Passes by Scotland (with a paper airplane icon), Swallow.
